

White Plains Hospital Center for Cancer Care and
Montefiore Einstein Center for Cancer Care present

SAVING THE URINARY TRACT: TISSUE PRESERVATION AND NOVEL TECHNOLOGY

Join our experts as they discuss the quickly evolving management of genitourinary malignancies. This conference will focus on key clinical topics, including emerging biomarker application, methods to mitigate treatment-related side effects, chemotherapeutic strategies, androgen-deprivation therapies, targeted therapies, radiopharmaceuticals and immunotherapies, as well as explore emerging data on various combinations and sequences of treatment strategies currently undergoing clinical trial evaluation.

REGISTER TODAY.
