Project 2.A.I–Integrated delivery system, project requirements

• All PPS providers must be included in the IDS (medical, behavioral, post-acute, long-term care, and community-based service providers)

• Utilize partnering HH and ACO population health management systems and capabilities

• Patients receive appropriate health care and community support

• All PPS safety net providers are sharing EHR systems with local HIE/RHIO/SHIN-NY and health information among clinical partners, including secure notifications/messaging, by the end of Year 3

• EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards by the end of Demonstration Year 3

• Population health management actively using EHRs and other IT platforms, including use of targeted patient registries, for all participating safety net providers

• Achieve 2014 Level 3 PCMH primary care certification, expand access to primary care providers, and meet EHR Meaningful Use standards by the end of Demonstration Year 3

• Contract with Medicaid Managed Care Organizations and other payers, as appropriate, as an integrated system and establish value-based payment arrangements

• Establish monthly meetings with Medicaid MCOs

• Re-enforce the transition towards value-based payment reform by aligning provider compensation to patient outcomes

• Engage patients in integrated delivery system
