Surgical Hospitalists

Department of Surgery

In order to maintain and enhance the quality of care, the Department of Surgery is establishing an academic unit of acute care surgery.

The Surgical Hospitalists we are seeking will be responsible for performing surgery and conducting consults on more than 5,000 inpatient and emergency department patients per year.

Successful candidates will be BC/BE in general surgery and have the ability and willingness to work flexible call in a fast-paced 24/7 environment.

Montefiore Medical Center, the University Hospital and Academic Medical Center for the Albert Einstein College of Medicine in New York City, is the major healthcare provider for a community area of two million people and has the fifth busiest emergency department in the United States.

Positions offer excellent benefits and the opportunity to be part of a completely new unit of surgery. Interested and qualified candidates are asked to forward C.V. to:
