

Health Home Chronic Conditions				
Acquired or Congenital Hemiplegia and Diplegia	Chronic Gastrointestinal Diagnoses	Diabetes w/wo Complications	Liver Malignancy	Post Traumatic Stress Disorder
Acquired or Congenital Paraplegia	Chronic Genitourinary Diagnoses	Digestive Malignancy	Lung Malignancy	Postural and Other Major Spinal Anomalies
Acquired or Congenital Quadriplegia	Chronic Gynecological Diagnoses	Disc Disease and Other Chronic Back Diagnoses w/wo Myelopathy	Macular Degeneration	Prematurity - Birthweight < 1000 Grams
Acute Lymphoid Leukemia w/wo Remission	Chronic Hearing Loss	Diverticulitis	Major Anomalies of the Kidney and Urinary Tract	Progressive Muscular Dystrophy and Spinal Muscular Atrophy
Acute Non-Lymphoid Leukemia w/wo Remission	Chronic Hematological and Immune Diagnoses	Drug Abuse Related Diagnoses	Major Congenital Bone, Cartilage, and Muscle Diagnoses	Prostate Disease and Benign Neoplasms - Male
Alcoholic Liver Disease	Chronic Infections Except Tuberculosis	Ear, Nose, and Throat Malignancies	Major Congenital Heart Diagnoses Except Valvular	Prostate Malignancy
Alcoholic Polyneuropathy	Chronic Joint and Musculoskeletal Diagnoses	Eating Disorder	Major Liver Disease except Alcoholic	Psoriasis
Alzheimer's Disease and Other Dementias	Chronic Lymphoid Leukemia w/wo Remission	Encephalopathy	Major Organ Transplant Status	Psychiatric Disease (except Schizophrenia)
Angina and Ischemic Heart Disease	Chronic Metabolic and Endocrine Diagnoses	Endometriosis and Other Significant Chronic Gynecological Diagnoses	Major Personality Disorders	Pulmonary Hypertension
Anomalies of Kidney or Urinary Tract	Chronic Neuromuscular and Other Neurological Diagnoses	Enterostomy Status	Major Respiratory Anomalies	Recurrent Urinary Tract Infections
Apert's Syndrome	Chronic Neuromuscular and Other Neurological Diagnoses	Epilepsy	Malfunction Coronary Bypass Graft	Reduction and Other Major Brain Anomalies
Aplastic Anemia/Red Blood Cell Aplasia	Chronic Non-Lymphoid Leukemia w/wo Remission	Esophageal Malignancy	Malignancy NOS/NEC	Rheumatoid Arthritis
Ascites and Portal Hypertension	Chronic Obstructive Pulmonary Disease and Bronchiectasis	Extrapyramidal Diagnoses	Mechanical Complication of Cardiac Devices, Implants and Grafts	Schizophrenia
Asthma	Chronic Pain	Extreme Prematurity - Birthweight NOS	Melanoma	Secondary Malignancy
Atrial Fibrillation	Chronic Pancreatic and/or Liver Disorders (Including Chronic Viral Hepatitis)	Fitting Artificial Arm or Leg	Migraine	Secondary Tuberculosis
Attention Deficit / Hyperactivity Disorder	Chronic Pulmonary Diagnoses	Gait Abnormalities	Mild / Moderate Mental Retardation	Severe / Profound Mental Retardation
Autism	Chronic Renal Failure	Gallbladder Disease	Multiple Myeloma w/wo Remission	Sickle Cell Anemia
Benign Prostatic Hyperplasia	Chronic Skin Ulcer	Gastrointestinal Anomalies	Multiple Sclerosis and Other Progressive Neurological Diagnoses	Significant Amputation w/wo Bone Disease
Bi-Polar Disorder	Chronic Stress and Anxiety Diagnoses	Gastrostomy Status	Neoplasm of Uncertain Behavior	Significant Skin and Subcutaneous Tissue Diagnoses

Health Home Chronic Conditions

Blind Loop and Short Bowel Syndrome	Chronic Thyroid Disease	Genitourinary Malignancy	Nephritis	Spina Bifida w/wo Hydrocephalus
Blindness or Vision Loss	Chronic Ulcers	Genitourinary Stoma Status	Neurodegenerative Diagnoses Except Multiple Sclerosis and Parkinson's	Spinal Stenosis
Bone Malignancy	Cirrhosis of the Liver	Glaucoma	Neurofibromatosis	Spondyloarthropathy and Other Inflammatory Arthropathies
Bone Transplant Status	Cleft Lip and/or Palate	Gynecological Malignancies	Neurogenic Bladder	Stomach Malignancy
Brain and Central Nervous System Malignancies	Coagulation Disorders	Hemophilia Factor VIII/IX	Neurologic Neglect Syndrome	Tracheostomy Status
Breast Malignancy	Cocaine Abuse	History of Coronary Artery Bypass Graft	Neutropenia and Agranulocytosis	Valvular Disorders
Burns – Extreme	Colon Malignancy	History of Hip Fracture Age > 64 Years	Non-Hodgkin's Lymphoma	Vasculitis
Cardiac Device Status	Complex Cyanotic and Major Cardiac Septal Anomalies	History of Major Spinal Procedure	Obesity	Ventricular Shunt Status
Cardiac Dysrhythmia and Conduction Disorders	Conduct, Impulse Control, and Other Disruptive Behavior Disorders	History of Transient Ischemic Attack	Opioid Abuse	Vesicostomy Status
Cardiomyopathy	Congestive Heart Failure	HIV Disease	Osteoarthritis	Vesicoureteral Reflux
Cardiovascular Diagnoses requiring ongoing evaluation and treatment	Connective Tissue Disease and Vasculitis	Hodgkin's Lymphoma	Osteoporosis	
Cataracts	Coronary Atherosclerosis	Hydrocephalus, Encephalopathy, and Other Brain Anomalies	Other Chronic Ear, Nose, and Throat Diagnoses	
Cerebral Palsy NOS	Coronary Graft Atherosclerosis	Hyperlipidemia	Other Malignancies	
Cerebrovascular Disease w or w/o Infarction or Intracranial Hemorrhage	Crystal Arthropathy	Hypertension	Pancreatic Malignancy	
Chromosomal Anomalies	Curvature or Anomaly of the Spine	Hyperthyroid Disease	Pelvis, Hip, and Femur Deformities	
Chronic Alcohol Abuse and Dependency	Cystic Fibrosis	Immune and Leukocyte Disorders	Peripheral Nerve Diagnoses	
Chronic Bronchitis	Defibrillator Status	Inflammatory Bowel Disease	Peripheral Vascular Disease	
Chronic Disorders of Arteries and Veins	Dementing Disease	Intestinal Stoma Status	Persistent Vegetative State	
Chronic Ear Diagnoses except Hearing Loss	Depression	Joint Replacement	Pervasive Development Disorder	
Chronic Endocrine, Nutritional, Fluid, Electrolyte and Immune Diagnoses	Depressive and Other Psychoses	Kaposi's Sarcoma	Phenylketonuria	
Chronic Eye Diagnoses	Developmental Delay NOS / NEC / Mixed	Kidney Malignancy	Pituitary and Metabolic Diagnoses	
	Developmental Language Disorder	Leg Varicosities with Ulcers or Inflammation	Plasma Protein Malignancy
