En Foco, Inc x Montefiore Family Health Center Presents:

PETE PIN: CAMBODIAN DIASPORA

OPENING RECEPTION
Montefiore Family Health Center:
Art For Health
Friday, May 17, 2013
4:30 - 7:00 PM
**Pete Pin** is a documentary photographer who was born in a refugee camp after the Cambodian genocide and immigrated to California in the mid 1980's.

Drawing from the experiences of his family as survivors of the Khmer Rouge regime (1975-1979), Pete Pin photographs Cambodian communities throughout the United States. He documents the struggle and pain of the survivors and the direct descendants of the genocide that took millions of lives. The series is a testament to those who died, and an examination of where future generations are now. In an attempt to understand his heritage, Pin pays tribute to the lives of the survivors.

Pin received his BA at the University of California at Berkeley where he graduated magna cum laude in Political Science with high departmental honors. He was the 2011 Fellow at the Magnum Foundation Emergency Fund and was named an Emerging Talent by Getty Reportage.

**ART FOR HEALTH**

Art For Health is a collaboration between a primary health care clinic and a visual arts organization working in partnership to increase the support and recognition of the arts by people of color as a mechanism for healing. We believe creating a beautiful visual environment can enhance self-esteem and self-awareness.

**EN FOCO, INC**

En Foco's Touring Gallery exhibitions feature presentations by emerging photographers in community spaces throughout New York City, curated by staff or emerging guest curators. Photographers gain professional exhibition experience, an opportunity to interact with local audiences, and are awarded an honorarium. All Touring Gallery events are free and the public is encouraged to attend.

**MEKONG**

Mekong aims to improve the quality of life of the Southeast Asian community in the Bronx and throughout New York City by achieving equity through community organizing and healing, promoting arts, culture, and language, and creating a safety net by improving access to essential social services. The Southeast Asian community in the Bronx primarily consists of Cambodian Americans and Vietnamese Americans. Mekong is where history and culture are valued and learned, where history and culture are living, where people's needs are met, where people are united through struggle, and where the people feel liberated.
