

3rd ANNUAL MONTEFIORE CANCER PROGRAM EDUCATION EVENT

GENETIC SOLUTIONS FOR CANCER: *Using Genetics and Genomics for Diagnosis, Staging and Treatment*

Provided by Albert Einstein College of Medicine
and Montefiore Medical Center

Thursday, November 7, 2019 | 3:00 – 7:00 PM

Montefiore Medical Center Moses campus
Tishman Learning Center – Grand Ballroom
111 East 210th Street, Bronx, NY 10467

Dinner will be served and a wine reception will follow the presentations.

You are invited to register for this free CME event – anyone interested in learning more about cancer genetics and genomics is welcome.

PLEASE REGISTER ONLINE:
www.eeds.com/live/900599
Registration is complimentary

GENERAL INFORMATION

STATEMENT OF NEED

The genetic basis of cancer and the role of genomic and genetic testing in cancer diagnosis, prognosis and treatment is rapidly advancing. This program will help medical professionals keep up to date with the current standards and roles of genetic testing to diagnose and treat cancer.

ACTIVITY GOALS AND DESCRIPTION

This program will provide a review of cancer genetics for several common cancers. Speakers will describe new diagnostic approaches that employ genetic and genomic evaluation, and they will discuss proper application of these tools for improved patient care. The primary goal of this activity is to present recent advances and applications for genetic and genomic testing for the diagnosis, staging and treatment of cancer.

LEARNING OBJECTIVES

After attending this activity, participants will be able to:

- Describe the genetics of common cancers, specifically colorectal cancer, thyroid cancer, endometrial cancer and breast cancer.
- Apply new genetic applications for the diagnosis of colorectal cancer, thyroid cancer and breast cancer.
- Recognize the role of comprehensive genomic testing in tumors for precision medicine applications.
- Discuss current concepts in cancer genomics, cancer immunology and immunotherapy.

INTENDED AUDIENCE

The target audience for this activity will be persons in the medical field who care for cancer patients, including medical oncologists, radiation oncologists, surgical oncologists, pathologists, RNs, NPs, PAs and others. Many genetic and genomic applications require proper collaboration and communication between multiple disciplines, thus this program is intended for any members of the healthcare team that participate in the diagnosis, staging, and treatment of cancer.

ACCREDITATION

Albert Einstein College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CREDIT DESIGNATION

Albert Einstein College of Medicine designates this live activity for a maximum of 4 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

SPECIAL NEEDS (ADA)

Albert Einstein College of Medicine/Montefiore Medical Center fully complies with the legal requirements of the Americans with Disabilities Act. If any participant is in need of special accommodations, please submit a written request at least two weeks prior to the activity to Center for Continuing Medical Education, 3301 Bainbridge Avenue, Bronx, NY 10467.

CONFLICT OF INTEREST

The "Conflict of Interest Disclosure Policy" of the Albert Einstein College of Medicine requires that faculty participating in any CME activity disclose to the audience any relationship(s) with a commercial interest; pharmaceutical or equipment company*. Any presenter whose disclosed relationships prove to create a conflict of interest, with regard to their contribution to the activity, will not be permitted to present.

Albert Einstein College of Medicine also requires that faculty participating in any CME activity disclose to the audience when discussing any unlabeled or investigational use of any commercial product or device, not yet approved in the United States.

* The ACCME defines a Commercial Interest as an entity producing, marketing, re-selling or distributing health care goods or services consumed by or used on patients. The ACCME does not consider providers of clinical service directly to patients to be commercial interest – unless the provider of clinical service is owned, or controlled by, an ACCME-defined commercial interest.

FACULTY

COURSE DIRECTORS

Susan Klugman, MD, FACOG, FACMG
Director, Reproductive and Medical Genetics
Professor of Obstetrics & Gynecology and Women's Health
Professor of Pediatrics
Program Director, Medical Genetics
Albert Einstein College of Medicine/Montefiore Medical Center

Thomas J. Ow, MD, MS, FACS
Associate Professor
Montefiore Medical Center
Albert Einstein College of Medicine
Department of Otorhinolaryngology - Head and Neck Surgery and
Department of Pathology

KEYNOTE SPEAKER

Timothy A. Chan, MD, PhD
PaineWebber Chair in Cancer Genetics
Director, Immunogenomics and Precision Oncology Platform
Vice Chair, Department of Radiation Oncology
Director, Translational Oncology Division
Memorial Sloan Kettering Cancer Center

FACULTY

Jesus Anampa Mesias, MD, MS
Assistant Professor, Department of Medicine (Oncology)
Albert Einstein College of Medicine
Breast Medical Oncologist
Montefiore Medical Center

Paul L. Baron, MD
Professor of Surgery
Albert Einstein College of Medicine
Breast Surgeon and Director, High Risk Breast Cancer Screening and Prevention
Montefiore Medical Center

Jana L. Fox, MD
Associate Professor, Department of Radiation Oncology
Albert Einstein College of Medicine
Radiation Oncologist
Montefiore Medical Center

Balazs Halmos, MD, MS
Professor, Department of Medicine (Oncology)
Albert Einstein College of Medicine
Director, Thoracic Oncology and Cancer Clinical Genomics
Montefiore Medical Center

Maureen P. McEvoy, MD
Assistant Professor, Department of Surgery
Albert Einstein College of Medicine
Breast Surgeon
Montefiore Medical Center

Vikas Mehta, MD, MPH
Assistant Professor of Otolaryngology, Head and Neck Surgery
Albert Einstein College of Medicine
Otorhinolaryngologist-Head and Neck Surgeon
Montefiore Medical Center

Parvathi Myer, MD, MS
Assistant Professor, Department of Medicine (Gastroenterology)
Albert Einstein College of Medicine
Gastroenterologist
Montefiore Medical Center

Nicole S. Nevadunsky, MD
Associate Professor, Department of Obstetrics & Gynecology and Women's Health (Gynecological Oncology)
Albert Einstein College of Medicine
GYN Oncologist
Montefiore Medical Center

AGENDA

- 3:00 PM **Welcome and Opening Remarks**
Susan Klugman, MD and Thomas J. Ow, MD, MS
- 3:10 **Precision Medicine in Colorectal Cancer**
Parvathi Myer, MD, MS
- 3:40 **Modern Workup and Management of Thyroid Nodules: Doing LESS**
Vikas Mehta, MD
- 4:00 **Genetics and Targeted Therapy for Endometrial Cancer**
Nicole Nevadunsky, MD
- 4:30-5:30 **Focused Discussion and Q&A Session:
Advances in Genetic and Molecular Testing for the Diagnosis,
Staging and Management of Breast Cancer**
*Jana Fox, MD; Paul Baron, MD; Jesus Anampa, MD, MS; and
Maureen McEvoy, MD, from the Montefiore-Einstein Breast Team*
- 5:30 **Dinner**
- 6:00 **Precision Cancer Medicine – How to Make It Personal**
Balazs Halmos, MD, MS
- 6:30 **Immunotherapy: Evolving Landscape of Mechanisms and Biomarkers**
Timothy A. Chan, MD, PhD, Memorial Sloan Kettering Cancer Center
- Closing Remarks**
Susan Klugman, MD and Thomas J. Ow, MD, MS
- 7:30 PM **Wine and cheese reception**
